DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3, 6-10, 12-31, and 33-64 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest one or more of the limitations found in independent claims 1, 16, 20, 30, 35, 40, 45, 51, and 57. With respect to independent claims 1, 20, 35, 40, 45, 51, and 57, the prior art of record fails to teach or suggest the sensing surface being an outer surface of the waveguide and wherein the cavity is at least partially disposed within the core. With respect to independent claims 16 and 30, the prior art of record fails to teach or suggest a microsphere waveguide comprising a cavity defining a variable gap comprising a second dielectric different from a first dielectric, and a sensing surface positioned to vary the variable gap. Therefore, independent claims 1, 16, 20, 30, 35, 40, 45, 51, and 57, as well as all dependent claims, are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
